

"But Allan cycled home"

The views may have been misty,
And the cliff walks were crumbling
But the pints of 200 and tubs of Baboo
They truly were humbling.
Search for boots still does continue
It was part of the talking
And well-behaved Barney
Accompanied well-behaved walking.
So we said our goodbyes
In our motors weary climb
But Allan cycled home
Cos he's a walker sublime!

With many thanks to The Hardy Walkers
